**FOR IMMEDIATE RELEASE**

### **MediVision's US Subsidiary Receives \$1.35 Million Contract From Kaiser Foundation Health Plan**

Yokneam Elit, Israel, April 5, 2006. MediVision Medical Imaging Ltd. (the "Company", "MediVision" - EURO.NM: MEDV) a leading provider of ophthalmic digital imaging systems for the ophthalmology market, announced today that its US subsidiary Ophthalmic Imaging Systems ("OIS"), has signed another major contract with a key customer in the US, Kaiser Foundation Health Plan, Inc. According to the agreement OIS will provide Kaiser Permanente Health System with Ophthalmic Picture Archiving and Communications Systems (PACS) which will be the platform for the Diabetic Retinopathy Screening project ("DRS") at Kaiser Permanente's 12 regional centers throughout Southern California, USA. The contract totaling \$1.35 million includes hardware, software, implementation and training.

OIS' Ophthalmic PACS software enables medical staff to electronically access new and archived images from different locations in seconds, resulting in more timely and efficient patient diagnosis and reporting. It also simplifies the management of patients' archived records, diagnostic tests and outcomes reporting. The system will integrate with existing 57 digital fundus cameras, located within the 12 medical centers of Kaiser Permanente in Southern California and their satellite offices. It will also be integrated with Kaiser Permanente's existing information systems.

---

#### **About MediVision**

MediVision specializes in digital imaging devices for ophthalmic applications with an emphasis on diagnostics related to the eye retina. MediVision's products are designed to provide digital upgrades for a range of ophthalmic imaging systems, thus significantly enhancing imaging capability and providing its users with advanced diagnostic tools. The company has significant market share and is a market leader in the ophthalmic digital imaging field. MediVision owns 59% interest in Ophthalmic Imaging Systems based in Sacramento, California, US and 63% interest in CCS Pawlowski GmbH based in Jena, Germany.
